

R & D Therm (I) Pvt. Ltd.

A KONARK GROUP COMPANY

Mechanical Designing & Manufacturing of Heat Exchangers, High Pressure Vessels, Distillation Columns, Cryogenic Vessels, Air Receivers, Condensers in various High Alloy Steels like Titanium, Hastelloy, Sanicro 28, Stainless Steel, Carbon Steel.

We cater to Chemical / Pharmaceutical / General Engineering & Oil Industries

● Few Customers / References

Aditya Birla (Grasim Industries Ltd.)
Godrej Industries
Hindustan Unilever Ltd.
Dai-ichi Karkaria Ltd.
Firmenich Aromatics India Pvt. Ltd.
INEOS Styrolution India.
United Phosphorus Ltd.
Wipro Ltd.
Larsen & Toubro
Indian Oil Corporation Ltd.
Asian Paints Ltd.
Nocil Ltd
Jindal Drugs Ltd.
Cheminova India Ltd.
Verbio (USA & Germany)

● Consultants / Third party Inspection associated with

Lloyd's Register
Bureau Veritas
Tata Consulting Engineers Ltd
Sulzer
Uhde India
Baxcounsel

R&D Therm India Pvt Ltd. –The flagship company of Konark Global Group located in Nashik, Maharashtra was built on foundation of hard-earned knowledge along with technical and business excellence of veterans in the field. The legacy is being successfully carried forward by the energetic younger generation exploring innovative ideas combined with application of latest technology and automation.

The remarkable journey of sustainable performance since inception in the year 1996 has been possible due to

- Commitment to follow prescribed codes of manufacturing meticulously
- Strict compliance to quality standards
- Timely Delivery
- Continuous improvement in manufacturing processes for enhanced productivity
- Teamwork to achieve common goal of customer Delight
- Customers' recognition with repeat business

R&D Therm India Pvt Ltd is an ASME "U" Certified Company along with National Board (NB) & ISO 9001 : 2015 Certification.

Over the years R & D Therm has built an impeccable reputation in handling exotic & special materials like Titanium, Sanicro-28,Cupro-Nickel,Hastelloy, as well as stainless steel of all grades SS304,SS304L,SS316, SS316L, etc.

Quality Policy

All Construction activities shall comply to International code like ASME, DIN,TEMA etc. / Customer requirements / Design documents / Approved Quality Assurance Plan / Qualified procedures.

Core Values

- Growth
- Commitment of individual
- Transparency in actions
- Respect
- Human touch

Plant & Location

- The Manufacturing, Design & Quality Assurance activities are situated at Nasik about 170 km. North-East of Mumbai
- Works is situated in 4000 sq.m. area with 10,000 Sq. feet constructed shop having four overhead Cranes.
- Workshop approved by CCOE TUV, Lloyd's, U - Stamp

Facilities

- CNC Plasma Cutting & Marking M/C
- Column & Boom Welding M/C
- Process & Mechanical Design facilities with latest softwares & qualified team of engineers
- Array of machines for Machining & Forming
- Metal cutting & Welding facilities for High Alloy Steel
- Spray Gun for painting & Finishing
- 4 Nos overhead Cranes for material handling
- Quality control facilities for Pneumatic, Vacuum & Hydro testing

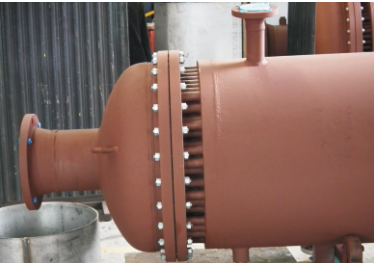

Product range

- Heat Exchangers
- Distillation Columns
- Reactors
- Cryogenic Vessels
- High Pressure vessels
- Storage Tanks
- Air Receivers
- Turnkey Projects

Maximum Dimensions Handled

- 1) Heat Exchanger- 500 Sq Mtr
- 2) Column- a.) 40 Mtr Length x 1500mm Dia
b.) 30 Mtr Lenth x 2500mm Dia
- 3) Tank- 90 KL
- 4) Turnkey Projects
